Start-Stop Universal PRO+ Transcription System Version 14

© 2013 All Rights Reserved – HTH Engineering, Inc. Tarpon Springs, FL 34688 TEL: (727) 939-8853 <http://www.StartStop.com>

The Start-Stop Universal PRO+ Transcription System

With TrueSpeech™, Ultra-Play, Variable Speed, Bookmarks, File Conversion, Job Manager, Smart Line Counter, Auto-Notify, plus 16-Band Equalizer, Constant Pitch, File Splitting, Video Ripping and Work Sharing

PRO+ is our Premium Professional Version of the regular (standard) Start-Stop Universal Transcription System. PRO+ adds advanced features, highly useful for professional transcriptionists.

PRO+ is your one-stop shop for all of your digital transcription needs. The Start-Stop PRO+ uses a hands-free foot pedal system to easily control playing, rewinding, and recording digital sound files. The Start-Stop has all the tools needed to perform quick and efficient transcriptions from digital recordings.

Why HTH Engineering?

Simple. We stand by our quality products and work to ensure your satisfaction.

The Start-Stop Universal Transcription System is backed by:

- Expert, friendly, and helpful Toll-Free Technical Support.
- One year Warranty

How to Order:

Order online using your credit card by visiting www.startstop.com/sst2.asp or call us Toll Free at (866) 254-0714 or locally at (727) 939-8853

- Easily organize multiple files in the **Ultra Job Manager**. With a single keystroke you can select different jobs or play them through with no need to disrupt your transcription.
- Enhance sound clarity with **Ultra Play Technology**. Transcribe 10- or even 20 hour-long recordings with adjustable playback speed.
- Send and receive digital transcription over the internet with **Start-Stop's built in FTP client**.
- Adjust play speed from 50% to 300% of the original speed with **Variable Speed Control** for faster, more accurate transcription.

Toll-Free Tech Support, 1 year warranty
Choice of USB, Serial or Gameport interface.

Start-Stop Universal "PRO+" Transcription System

Version 14 plays audio from even more formats automatically: just open the file and Start-Stop will play it! **NEW: AVI, RA, MTS, Sony DVF/MSV**

•Start-Stop runs in the background so you can operate the foot pedals or hotkeys without having to disrupt your work. Operate the foot pedals or hot keys without having to leave your word processor. If you prefer you can also run Start-Stop in reduced size, locked in place, and **'Always on Top.'**

•Convert non-standard audio formats into standard .WAV, .MP3, or TrueSpeech™ .Wav

•3rd Generation Design for the included Network Pro Job Manager; allows **WORKSHARING** (each transcriptionist can see others' status) on any network.

PRODUCT INFORMATION SHEET

Start-Stop Universal PRO+ Transcription System Version 14

© 2013 All Rights Reserved – HTH Engineering, Inc. Tarpon Springs, FL 34688 TEL: (727) 939-8853 <http://www.StartStop.com>

Constant Pitch (Variable Tempo) Playback

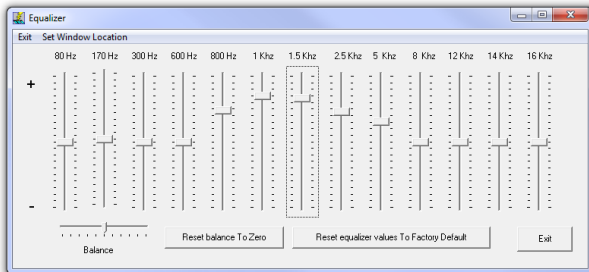

Allows you to slow down words, without changing the pitch of the voice. If the speaker is speaking too quickly, just slow them down!

PRO+ New 16-band Graphic Equalizer allows you to clarify and improve audio quality for difficult recordings

Reduces microphone hiss or hum, air conditioning rumble, lawnmowers, motors, and high-frequency sounds for easier transcription

Boosts voice frequencies for increased clarity

Improves recordings where the voice is muffled, by emphasizing the higher frequencies (consonants)

Drag any file onto the Main screen and it automatically loads!

PRO+ New Support for Secure FTP (SFTP) as well as FTP for File Transfer

If your company stores files on an SFTP or FTP server, you can automatically upload and download them directly into your computer (and display them using the Start-Stop Job Manager for example).

PRO+ New Built-In File-Splitting Technology with Overlap Options

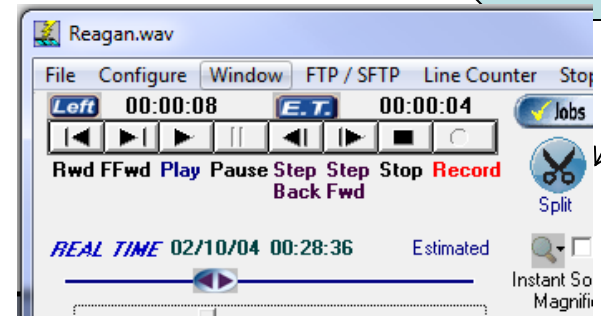

Now take a huge or long recording and split it automatically into smaller pieces, to share work with other transcriptionists or just to make the long recording more manageable. You can also use this feature just to grab and save the relevant portion of a recording, discarding what isn't needed to be transcribed.

PRO+ Detailed Split Options

Split with Overlap: you can set some overlap between the split file segments for continuity, so you don't chop off in the middle of a word

PRO+ Multiple SAVE AS options (converting) for a large variety of formats Save as WAV, Truespeech WAV, or MP3

PRO+ New Audio Extraction (Ripping) Feature for Video Files

Instant Split - with a single click, the file will be split into 2 pieces

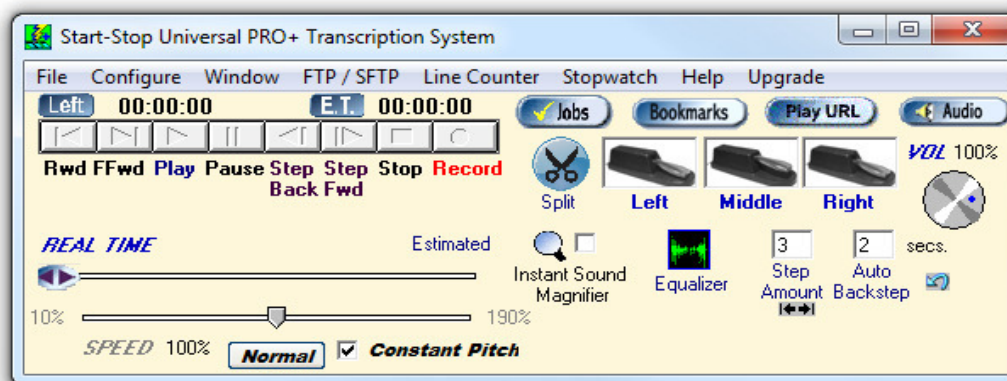

PRODUCT INFORMATION SHEET Start-Stop Universal PRO+ Transcription System Version 14

Intuitive Graphic Interface on Main Screen

The graphic interface is easy to use and simple while containing all relevant controls, notifiers, and options. Start-Stop UNIVERSAL PRO+ will work while running in the background and several display options allow you to simplify the interface, turn it 'always on top,' or reduce it down to a simple need-to-know taskbar.

Everything you need to get started:
load files, adjust settings,
and monitor pedal
functionality in one place.

1. **Elapsed Time Indicator (E.T.)** (Hour, Min., Sec.): Shows the position of the recording in progress or playback in progress. Double-clicking on this blue icon will allow you manually to set an elapsed time for instant positioning. **Time Remaining Indicator (LEFT)** (Hour, Min., Sec.): Shows the amount of playback time remaining. **Display Milliseconds:** Accessible from the Configure menu, if you want to display time to the nearest millisecond.
2. **Bookmarks:** Set up to 16 bookmarks per file with hotkey control.
3. **Play URL:** Open and transcribe directly from internet hosted files.
4. **Ultra Job Manager:** Job manager allows you to queue files, view demographic information, set continuous play, and archives completed files.
5. **Instant Sound Magnifier:** Slows down quickly-spoken words and phrases automatically if selected.
6. **Animated Pedal Icons:** They move up and down in real time with the motion of your feet.
7. **SPEED control:** Allows adjustment from 10% to 190% on ALL types of files.
8. **File Information:** Quickly view file details: format, file size, and length.
9. **PRO+ Instant File Splitting** Splits the file at the point where the real-time slider is positioned, and saves 2 smaller files
10. **PRO+ 16-Band Equalizer** Allows you to clarify recordings:
11. **Real Time Slider:** The slider bar can be instantly set to any position within the recording using the mouse.
12. **Volume Control:** Adjust the volume from 0 to 100%.
13. **Step Amount Window:** the recording (or playback) will back up or go forward by the number of seconds showing in the box.
14. **"Backstep after pause" Amount Window:** the audio recording will back up by the number of seconds showing in the window.
15. **Audio Button** launches the Windows Audio Mixer Panel.

Features- Enhanced Job Manager

The Jobs feature allows and greater efficiency.

Jobs Button – Set up Start-Stop to organize files so that even new jobs can be queued up with just a click of the mouse.

Job Queue – Shows the name of queued files, the creation date and time, length, and status of the job.

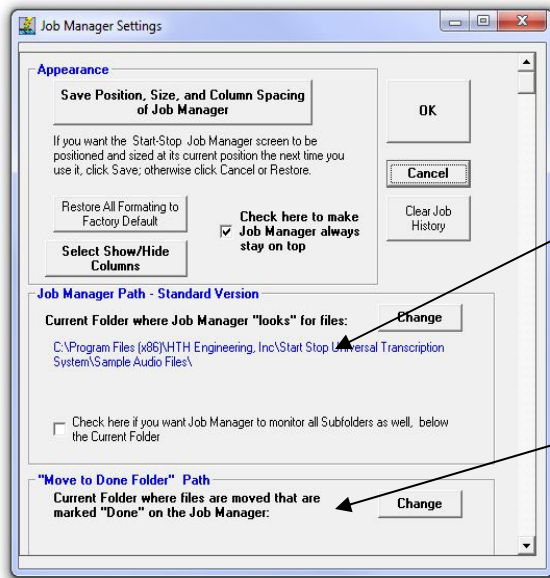

Job	File Name	Date/Time Created	Duration	Length	STAT	Job Status	Notes
1	Reagan- MS ADPCM format.wav	8/21/2003 10:00:00 AM	00:00:12	142.9 KB	X	In Use	Hello
2	Reagan-True Speech Format.wav	8/21/2003 10:00:00 AM	00:00:12	13.8 KB	X		Inaudible Comment at 7 seconds
3	Reagan.wav	2/10/2004 12:28:44 AM	00:00:12	566.5 KB	X		This is his original speech
11	ReaganNew.wav	12/4/2007 5:44:35 AM	00:00:12	566.5 KB			
21	SSTI Greeting.wav	7/1/2008 3:04:00 PM	00:00:05	119.3 KB			One two three
4	Reaganmysave.mp3	7/5/2012 5:19:20 PM	00:00:12	206.6 KB			Hi there

High Priority jobs can be marked with the "Stat" column and they'll appear in bright green, and are sortable by priority.

New Notes Column allows you to enter any special notations or comments about each recording

Worksharing: See other transcriptionists' status

Sortable Duration column

Start-Stop Ultra Job Manager Options and Features

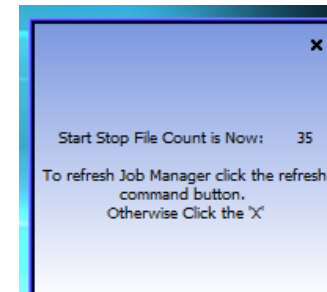

Have Start-Stop automatically queue files in a "to-do" directory including the option to include or exclude sub-directories.

Start-Stop will recheck your target directory every time you load the job queue.

You can then have Start-Stop move completed files into a "finished" folder where you can archive past jobs.

New Columns Added for Priority, Duration and Job Comments and Notes

Automatic Notification to the Transcriptionist when new dictation arrives in monitored folders and/or subfolders, via LAN or SFTP/FTP

You can enable an **automatic pop-up window** in the lower right corner of your screen, **and/or Sound notification** whenever new dictation arrives into the Job Manager

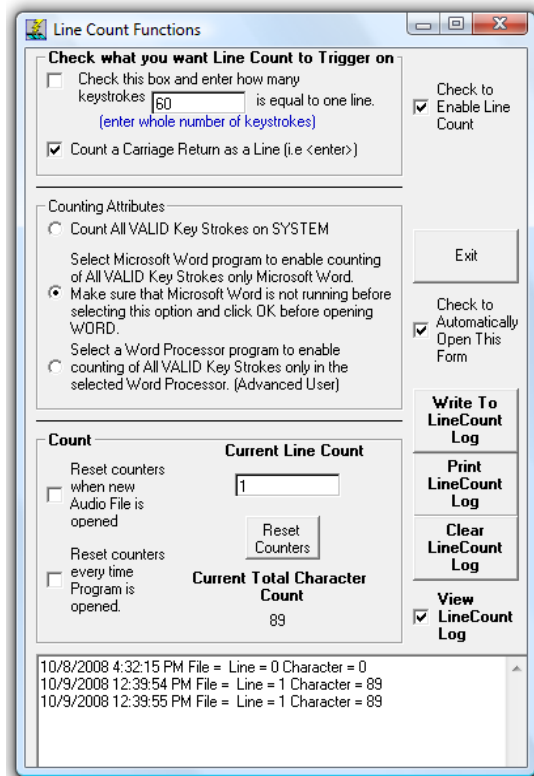

PRODUCT INFORMATION SHEET Start-Stop Universal **PRO+** Transcription System Version 14

© 2013 All Rights Reserved – HTH Engineering, Inc. Tarpon Springs, FL 34688 TEL: (727) 939-8853 <http://www.StartStop.com>

Built-in Smart Word Line Counter

The Smart Line Counter lets you **keep track of how many characters and lines you've typed for a client or customer.**

TrueSpeech™ is a Registered Trademark of the DSP Group, Inc. Windows is a registered trademark of Microsoft corporation.

Stop Watch Feature

Keep track of your work, either by total time, or elapsed time on a particular job. This is helpful for billing clients by the hour, or just keeping track of how much time you've been working.

The stopwatch feature lets you create a log of time spent on each job you transcribed. This can be printed out or copied to the clipboard

PRODUCT INFORMATION SHEET Start-Stop Universal **PRO+** Transcription System Version 14

© 2013 All Rights Reserved – HTH Engineering, Inc. Tarpon Springs, FL 34688 TEL: (727) 939-8853 <http://www.StartStop.com>

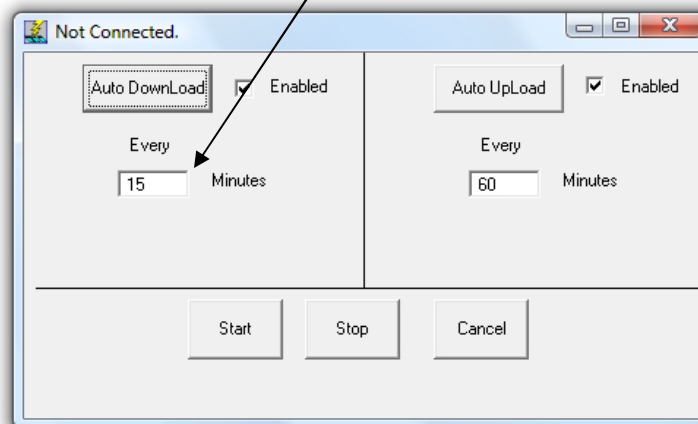

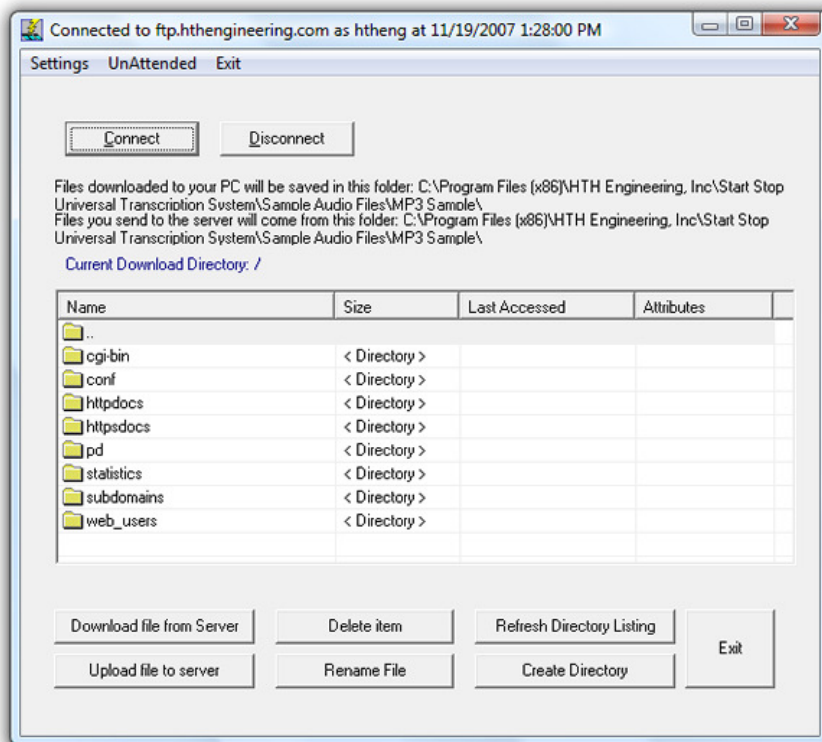

Built-In SFTP/FTP Client for Automatic Downloading and Uploading

The Start-Stop **PRO+** has an advanced SFTP/FTP Client built-in. An SFTP/FTP Client allows you to download and upload files to a company SFTP or FTP server. These servers are in common use in dictation and transcription for transfer of digital voice recordings to transcriptionists, and uploading completed documents back to the server or end customer

Automatic Upload/Download

Your downloaded dictation work, plus documents you're creating, can automatically be sent to and from your computer

PRODUCT INFORMATION SHEET Start-Stop Universal **PRO+** Transcription System Version 14

Bookmarks and Desktop Space Saving

If you prefer to run Start-Stop **PRO+** 'on top' you can reduce the amount of screen space by running one of the three selectable smaller sizes. These modes show less options but Start-Stop still retains its play, record, and pedal features.

Medium

Thin

Super Slim

Always on Top

The Main Screen (thin or regular) can be selected for "Always on Top" operation if desired, operated on the task bar minimized, or in the background while using your favorite word processor.

Auto-play Feature

You can set up the Start-Stop **PRO+** screen to always position itself at the same spot on the computer monitor, like a Post-It™ note.

Bookmark Feature

The Start-Stop **PRO+** will let you save up to 16 bookmarks for each transcription or recording. The bookmarks are saved with respect to Elapsed Time. You can type in a separate text label for each of the bookmarks to help you remember what they're for.

PRODUCT INFORMATION SHEET Start-Stop Universal **PRO+** Transcription System Version 14

Additional Features for Versatile Performance and Longevity

Folder Mole

Fully supported integration with the **Start-Stop PRO+ Folder Mole** provides **Automatic User notification when new dictation comes in**, even if Start-Stop Universal PRO+ Transcription system is not running.

Multilanguage Support

Network Single Large File-Sharing

Multiple transcriptionists can open up the same file on a network drive at once and transcribe it. This is especially helpful when tackling a large job in a short period of time, such as a boardroom meeting or important speech

New in Version 14

- Windows 8® supported
- File-Splitting
- Constant Pitch

- File Drag 'n Drop--from anywhere on your computer, simply drag and drop the media file you want to transcribe onto the main screen and it will load and play.

- Enhanced Job Manager

- 16-band Graphic Equalizer

- Audio Extraction Feature

- Audio playback of new formats:
AVI, RA, MTS, Sony DVF/MSV

- Includes the **Network Pro upgrade free**. This networking add-on for Start-Stop UNIVERSAL **PRO+** makes work-sharing with other transcriptionists easy and efficient.

- Much more!

PRODUCT INFORMATION SHEET

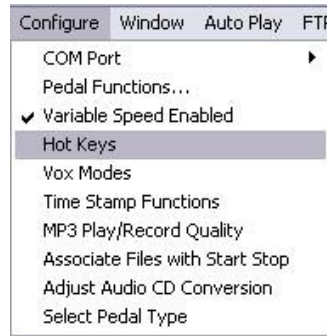

Start-Stop Universal **PRO+** Transcription System Version 14

Convenient System-wide Hotkeys, Pedals, and File History

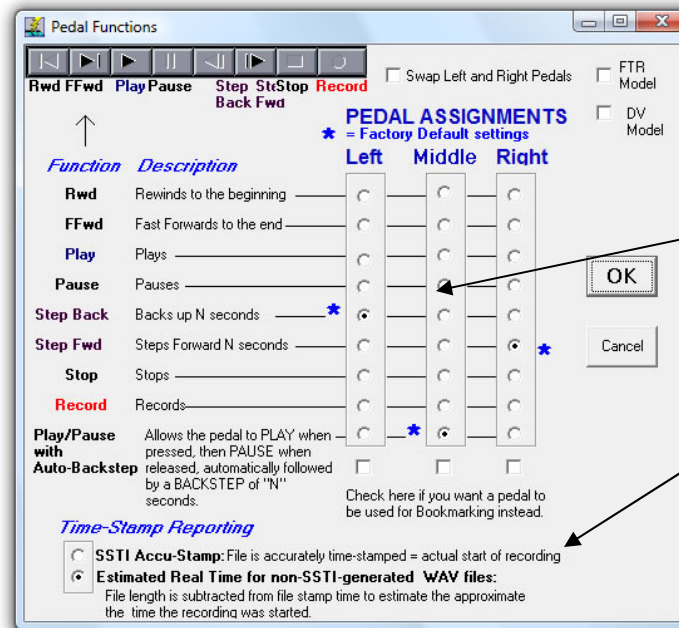

Keyboard Operated Hot Keys

"Hot Keys" are quick reference keystrokes designed to be more efficient than using the mouse. Click on 'Configure' and then put a check next to 'Hot Keys' to enable the Start-Stop hot keys.

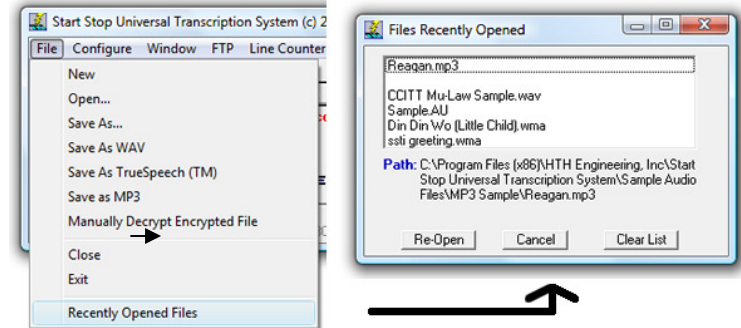

You can customize the hotkeys to quickly set a Bookmark, load the next recording or job, load the previous recording or job, manually mark the job status as 'Done' or 'Not Done,' hide the Job Manager or even operate the pedal functions, all from the keyboard only.

Customizable Pedal Functions

Opened Files History

Easily return to the eight previously opened files by selecting 'Recently Opened Files' in the 'File' menu. It also lists the file path so you'll know where the file is stored.

Each Pedal can be user-assigned to perform any transcription action

The Start-Stop Transcription Interface automatically timestamps each file ("Accu-Stamp"). Main screen will display real time accurately for SSTI-generated .WAV Files.

TrueSpeech(TM) is a Registered Trademark of the DSP Group, Inc. Windows is a registered trademark of Microsoft corporation.

Network Pro Feature

Automatically Share Work among Multiple Transcribers

The **Start-Stop Network Pro** feature alerts every transcriptionist on your office or shared network, via Start-Stop's built-in Job Manager. **Each transcriptionist can now check out a job, and all other Job Managers in the office will show that the file is being transcribed, and by whom.** The transcriptionist who completed the job can mark it DONE, and all other transcriptionists will see that status as well, on their Job Manager screens. **Makes work-sharing a snap!**

Print Toggle Move/Search Move Done Files To BackUp Folder Change Folder Settings Delete Job

- **Order of magnitude faster for large pools of transcriptionists sharing job status** 2,5,10, or even 20 or more transcriptionists can simultaneously share job status and perform on-the-fly load-level management while simultaneously viewing and work-sharing hundreds of dictations from multiple persons dictating.

- Ability to designate any name you want for each user, regardless of PCs logged-in name for display within Job Manager

- Ability to set and designate individual "Done" folders for each transcriptionist, with their own locations by person.

- *Allows easy oversight and viewing by a manager or supervisor for work flow and productivity*

- Control over job manager refresh time and whether Automatic Refresh POP UP shows up or not.

- Sharing Alert feature shows you if you're playing a file that's already been "done" by another transcriptionist.

- Color coded display messages of Job Status

- Addition of a Duration column

- Ability to search and filter match results to help you quickly find the dictations you are looking for, even in large list of work

Features- Hardware and Integration

The Start-Stop Universal **PRO+** Transcription System is sold with choice of pedal types

Three Pedal Units

- Traditional industry-standard 3-pedal design for transcriptionists who prefer it.
- Plugs into any PC laptop or desktop using your serial port, USB, or Gameport. Compatible with any laptop or desktop PC.
- Electronics are self-contained inside pedal
- No batteries required - powered by your computer's serial port

New Optional Philips™ Ergonomic USB Pedal

Optional DAC HD Wide USB Pedal or DAC Waterproof USB Pedal

Industry Standard USB (recommended)

Two Pedal Unit

Super Heavy-Duty 2-pedal

- Plugs into any PC laptop or desktop using your serial port. Compatible with any laptop or desktop PC.
- Sophisticated debounce and pedal conflict resolution
- High-reliability, proven design sold world-wide since 1993.
- Glass epoxy circuit board with military-style construction.
- No batteries required - powered by your computer's serial port

Optional Philips™ Hand Control

ADVANCED INTERFACE FOR EASY INTEGRATION WITH YOUR APPLICATION

- 1) **File-association method:** You associate the Start-Stop executable with your desired media type (e.g., .WAV, VOX). Double-clicking then launches the Start-Stop and optionally auto-plays the clip.
- 2) **Command-line method:** From a DOS or Windows Batch or Shell command, you enter the file name and path (local, or networked) of the media clip you want to play, and the Start-Stop will load and/or play the clip.
- 3) **VI Interface Method** (the most versatile and advanced method): A simple .txt file contains a series of "instructions" that command the Start-Stop.... modes include PLAY, PAUSE, RECORD, STOP, "SAVE AS .WAV", and "SAVE AS TRUESPEECH .WAV". You can specify a local or remotely located media clip that you want to load/play. For example, you can create simple .txt files and embed them as hyperlinks in a web page (intranet, local, or over the internet), and when the user clicks on the link, it will launch and control the Start-Stop interface and play the file under foot pedal control. The user can click on another button and make his own dictation, save it to the hard drive or remote network, etc.

PRODUCT INFORMATION SHEET

Start-Stop Universal **PRO+** Transcription System Version 14

© 2013 All Rights Reserved – HTH Engineering, Inc. Tarpon Springs, FL 34688 TEL: (727) 939-8853 <http://www.StartStop.com>

Transcription Functions:

(User-assignable to any pedal) - Play, Play/Pause, Play/Pause/Backstep, Stop, Pause, Step Back, Step Forward, Rewind, Fast Forward, Insert Bookmark

Dictation Functions:

Record, Stop, Pause.

Job Manager Function:

Allows users to easily organize new projects and archive completed ones automatically.

Recording Mode

- 11,025 Hz Mono, 8-bit nominal. This provides excellent intelligibility, while minimizing file size (approx. 1 MB per minute).

- "Save as TrueSpeech" feature from the main file menu allows conversion of any playable .WAV file to DSP Group's compressed .WAV format, with a resultant 15:1 (typical) savings compared to a standard 11KHz 8-bit mono .WAV file. Resultant compressed .WAV file has excellent playback quality and will play on any Windows 95/98/NT4.0/ME/2000/XP/Vista/Windows 7™ platform without special software or hardware (DSP Group's CODEC is native to Windows).

- MP3 Format (3 quality settings)

Background/Foreground Operation:

- Operates seamlessly and correctly whether in the foreground, background, or minimized on the Windows Task bar. Allows your favorite word processor to operate in partial or full-screen mode.

Operating Systems Supported: Windows 98, XP/XP Pro, ME, 2000, VISTA, and Windows 7 (32 and 64 bit CPUs and OS, all versions) Windows 8 (all versions except Windows Tablet RT)

Recommended Computer: Any Windows-compatible PC with a sound card, Pentium Class, 1GHz or higher, 512 MB or more recommended.

Cell Phone Formats (with HIPAA compliant encryption/decryption):

AMR BlackBerry®

Start-Stop Yodal for BlackBerry®

myDictation.net iPhone® MP3

Start-Stop **PRO+** plays these non-standard digital dictation formats:

Digital Dictation Systems and Call-in Systems

HTH Voice Input Station (all formats)

Start-Stop Transport 128-bit HIPAA encrypted files

Start-Stop Hands-Free Dictation System II (all formats)

Digital Recorders

Sanyo Digital Recorders

Olympus™ .DSS (Used with DM-10, DM20, DS-2, DS-330, DS-2200, DS-2300, DS-3300, DS-4000, DM-620, DS-3400, DS-3500, DS-5000 DS-5000iD, DS-7000, LS-20M, LS-100 Recorders)

Philips Digital Recorders and Speechmikes

Philips Speech Mike (CELP)

Lanier Cquence™ M³ Mobile Digital Recorders (.DSS format)

Voice-It™ Mobile Digital Recorder's .SRI format

Dictaphone™ Walkabout Tour™ Digital Recorder

UHER DH-10 Digital Recorder TrueSpeech™

FORMATS PLAYED

Audio

All .WAV Audio formats (from internet, network, or local to hard drive) that are playable by your Windows PC. The following list is not exhaustive, but representative of the .WAV file formats supported:
-Microsoft .WAV (PCM), WMA, Sun .AU, DSP Group's TrueSpeech Compressed .WAV, Microsoft ADPCM, GSM 6.1, u-Law, A-Law, at all amplitudes (4-8-16 bit) and sampling frequencies (8 KHz to 44 KHz) for mono and stereo.

Also Plays All Olympus Recorders (DSS/WMA/MP3/WAV) except DS-2400 and DS-2500, All Sony Recorders (MSV, DVF, WAV/MP3/WMA), Philips Digital Recorders (SP mode), Philips Speechmike CELP, ExpressScribe DCT, Nice AUD, Speex, OGG Speex, Sanyo Digital Recorder, ProCat™, BCB Play All™ TrueSpeech™ files with non-standard embedded headers, Lanier Digital Recorders, DIVX audio, UHER DH-10 TrueSpeech, Dialogic™ .VOX format (used in many dictation systems and computerized telephony systems), VoiceAge ACELP, Bitescrybe VOX, Specialty VOX Formats, including separate selections for "Bitescrybe" 8 KHz PCM Mu-Law, BVP Computers, Digital Voice™, Dictaphone™ (VOX 8KHz sample rate, 4-bit ADPCM, with headers), Dictaphone™ Digital Express™ Dictaphone Boomerang™ and .AUD files, Crescendo™ and DVIPS™ (VOX 6KHz sample rate, 4-bit, ADPCM). Also plays Mu-law and A-Law (Sun™ Microsystems) .WAV files, as well as Creative Soundblaster™ .VOC format (Version 1.2)., .MP3, and Olympus .DSS format, CCITT Stereo A-Law, Evercom and TNetix Inmate Call Monitoring System formats, VAC (Value Added Corporation) Call Inmate Monitoring Format, SPX (Speex.org), BlackBerry® .AMR audio format, iPhone MP3 format, Compact Audio Discs

Audio Playback only of these video formats:

AVI, WMV (Windows Media Video), (Real Video/Real Media), IVF (Indeo Video Format), MTS (Hi Def Video Format - AVCHD created by Digital Video Cameras), MPEG (Industry-Standard PC Video format), MPG (Industry-Standard PC Video format), VOB (Video Object files that are used on DVD movies and burned movie disks), MP4 (Compressed Video Standard used on PCs and IPODS), F4V (Flash MP4 video format), MOV (Apple Quicktime Movie format), FLV (Flash Video)
