Model #37503

Professional quality foot-controlled transcription from Philips

SpeechExec Pro Transcription Set 7277 is a powerful and user-friendly digital transcription system that turns your computer into a highly sophisticated transcription machine. Providing a whole range of benefits to the busy transcriptionist, the software streamlines communications and allows you to organize recordings clearly and transparently. Together with a set of ergonomic accessories, SpeechExec Pro Transcription Set 7277 is the solution that sets the pace in today's fast-moving business world.

Features

- Visual workflow management enables priority documents to be transcribed in order of preference.
- Actual job information during transcription provides all relevant dictation data, such as length, author name, key words and priority status.
- Individual organization of workload with multiple sort/filter options.
- Clear job overview (dictation, author information, length etc.) allows more efficient organization and planning of workloads.
- "New job" alarm for immediate transcription start.
- Foot Control can be used to operate transcription functions.
- Ergonomic earphones reduce physical stress.
- Excellent DSS sound quality.
- Automatic transfer of dictation files via network, e-mail and FTP.
- Speech Recognition-ready.

Package includes: Philips SpeechExec Pro Transcription Software, Installation guide, USB Adapter, 2 year warranty, and free concierge technical support
