## Dictate Hands-Free With Digital Clarity

**Crystal-Clear Digital Dictation with Gooseneck Microphone and Olympus DS-9500 Recorder**

HTH Engineering, Inc. is proud to present the **Start-Stop® Microscope Hands-Free Dictation System.**

**It's the perfect tool for Pathology and Research Dictation where hands and eyes need to be focused on your work.**

- Wide-spaced pedal controls Record/Pause, Listen/Rewind, and "NEW" dictation functions
- Clear, digital dictation with 18-inch Sensitive gooseneck microphone and unidirectional pickup pattern, even up to 2 feet away from the end of the microphone.
- Listen to your dictations through the Olympus DS-9500 Digital Recorder's speaker, or through optional headphones
- Near-instant download of dictation to any transcriptionist (local or via internet) by flipping a single "DICTATE/DOWNLOAD" toggle switch, using the included COMM download kit.
- Dictation can be automatically sent from your local PC
- Transcriptionists will automatically receive your dictation via the local office network or via HIPAA-compliant email or FTP if located remotely.

Send dictation automatically to your PC, Transcriptionist located in your office, Or across the country via Internet
