

Fast & Reliable PERFORMANCE

Nuance® Dragon® Medical Practice Edition

Modern technology meets across-the-board enhancements in the latest release of on-premise clinical speech recognition.

Fast, Reliable Performance FOR CLINICAL SPEECH RECOGNITION

Nuance® Dragon® Medical Practice Edition 4 accurately translates the doctor's voice into a rich, detailed clinical narrative that feeds directly into the EHR. Improve documentation, boost efficiency, increase physician satisfaction, and eliminate transcription costs.

Features

More Accurate Than Ever

Powered by a next generation speech engine, Dragon Medical Practice Edition 4 achieves 99% accuracy out-of-the-box without training —significantly outperforming previous versions.

Advanced Deep Learning Technology

Through constant learning and adaptation to unique voice and environmental variations—even during dictation — continuously improves performance.

Newly Designed Dragonbar

Designed for enhanced usability, the new DragonBar provides easy access to popular features. To free screen space, drag the DragonBar to different locations. Automatically collapses when not in use.

Superior Transcription Of Recorded Speech

An enhanced transcription process leverages all the accuracy improvements gained from the state-of-the-art engine, while reducing the number of steps required to transcribe audio recordings.

Optimized For Portable Touchscreens

Touch and keyboard interactions work seamlessly on highly mobile Windows 10 tablets or tablet mode devices. Open and interact with the DragonBar by touch.

Quality Documentation For Quality Care

Designed exclusively for medical practices and for physicians, Dragon Medical Speech Recognition Software is the go-to solution for more than 10,000 healthcare facilities and 500,000 physicians worldwide.

Reduce Transcription Cost // Implement The Full Scope Of Your EHR System // Fulfill Meaningful Use Criteria More Quickly
Generate A Higher Reimbursement Level // Increase Productivity And Profitability Of Your Practice & Much More
