Features of the Stop-Stop Pedal Power for Dragon Medical One:

- Control **Dragon Medical One®** functions via USB Heavy Duty Waterproof Foot Pedal (Non-Waterproof also available).
- 9 foot cord with USB connector.
- Sends Hotkeys as if you had typed them on the keyboard: control F10, control F11, and control F12 (*made for use with Dragon Medical One*) and is compatible with *Dragon Medical Practice Edition 2* and *Dragon Medical Practice Edition 4* as well.
- Microphone On/Off can be PRESS TO TALK or Toggle Microphone On/Off. *Default is Press to Talk.*
- Left and Right Pedals can be set for Previous Field or Next Field, or set inside Dragon to respond to any other functions when the pedal is pressed.

Powerful Programable Hotkey Functions

- Show / Hide DragonBar
- Start / Stop Recording
- Anchor / Release Speech Focus
- Show / Hide Dictation Box
- Transfer Text
- Clear Dictation Box
- Recall Text
- Previous Field
- Next Field
- Field Complete
- Accept Defaults for Field

The screenshot shows the 'Options' dialog box with the 'Hotkeys' tab selected. The dialog is organized into several sections:

- General:**
 - Show/Hide DragonBar: Ctrl Alt Shift H
 - Start/stop recording: Ctrl Alt Shift F11
 - Anchor/release speech focus: Ctrl Alt Shift A
- Dictation Box:**
 - Show/Hide Dictation Box: Ctrl Alt Shift F
 - Transfer text: Ctrl Alt Shift T
 - Clear Dictation Box: Ctrl Alt Shift
 - Recall text: Ctrl Alt Shift
- Field navigation:**
 - Previous: Ctrl Alt Shift F10
 - Next: Ctrl Alt Shift F12
 - Field complete: Ctrl Alt Shift
 - Accept defaults: Ctrl Alt Shift
- Step-by-step commands:** A

At the bottom of the dialog are buttons for 'Apply All', 'Close', and 'Restore Defaults'.

Optionally, add a Gooseneck Microphone with the pedal:

- Highest quality, heavy, professional GN-USB Gooseneck Microphone with 18" flexible boom, speech-recognition quality, noise-cancelling.
- Gooseneck Microphone with non-slip heavy base, windscreen, noise-cancelling, directional condenser element (24+ inches pickup distance).
- High-bandwidth USB microphone interface for accurate results with Dragon Medical.

GN-USB-2 Gooseneck Microphone: **Model #30251**

The perfect dictation desktop microphone. It easily picks up what you speak. The microphone connects through one of your computer's USB ports. And it looks pretty spiffy, too.

- A sturdy and stable, non-skid matte-finish base
- Flexible 18-inch neck that can be easily positioned and relied on to keep its place
- An included windscreen which reduces wind and ambient noise
- Unidirectional, monaural and Noise-Canceling
- The GN-USB features a standard USB connection, plug n' play compatibility, an LED power-indicator,
- and an on-off switch built into the base
