Olympus DS-40 Digital Stereo Conference Recorder

© 2007 All Rights Reserved – HTH Engineering, Inc. Tarpon Springs, FL 34688 TEL: (727) 939-8853 <http://www.StartStop.com>

The **Olympus DS-40** stereo digital recorder comes with exciting features to optimize productivity. Its ergonomic and intelligent design gives you the power to do high-quality recording in or out of the office, bridging the gap between work and play. The DS-40's internal 512MB memory can produce over 136 hours of superb quality audio. The stereo sound mode extends frequency response to a stunning 50-19,000Hz. It also includes a high-sensitivity detachable stereo microphone. This sleek recorder easily creates, records, and plays files, plus you can quickly download and create podcasts. DSS Player Software (included) enables easy archiving, editing, and further processing of recordings.

The DS-40 records in WMA format, has a "Voice Guidance" function to confirm settings, and features a "PC Link" that connects to PCs via the included USB cable to quickly download files. In addition, it is specifically designed to work with Audible.com. The recorder comes with a backlit LCD screen so you can work even in no-light conditions.

Whether you want to capture high-quality audio for meetings and interviews, or just enjoy music or audio books, it's the ideal all-in-one audio device.

Telephone Recording Device & Adaptor

OLYMPUS TP-7 PHONE RECORDING DEVICE

Ever need to record an important telephone conversation? The TP-7 makes phone recording a snap, acting as a multipurpose earphone/telephone pickup. Just plug the TP-7 jack into the "MIC" jack of your recorder, and put the earphone side into your ear. When speaking on the telephone, the TP-7 will capture both sides of the conversation for recording by your voice recorder.

HTH'S WEB PRICE \$19.99

TRX-20 TELEPHONE RECORDING ADAPTOR

Record telephone conversations, or from dictation call-in systems, voice-mail, or any other audio that comes through the telephone line. Works when inserted between the handset and base of the telephone.
