

A New WAV Generation!

The LRX-40 USB Telephone Recording Adapter *Your Ultimate Recording Connection*

LRX Technology...

Responding globally to voice logging needs

Worldwide, LRX Recording Adapters are making big WAVS in fulfilling the audio logging requirements of law enforcement, government agencies, brokerage houses, telemarketing centers plus the protective monitoring of homes and offices, while continuing to meet a constantly growing list of wide-ranging applications.

Now, The New LRX-40USB...

Advanced connection protection for all your recorded calls.

Engineered with the latest in recording adapter technologies, the LRX-40USB is your quick-connect logger link from you telephone to your PC or MAC. Once connected, the LRX-40USB provides clear, crisp audio documentation of all your recorded telephone conversations. Gone are your concerns of any possibility for omissions, oversights, inaccuracies, errors, mistakes and misunderstandings. And, secure are all conversations, negotiations, mediations, dialogues and discussions.

LRX-40USB Capability...
