**OLYMPUS**  
PROFESSIONAL LINE  
Authorized Dealer

Capture every sound in the room with two **ME-30W** omnidirectional microphones, and then easily use those recordings to meet your specific needs. Listen to them in high-quality stereo sound. Transcribe them using the compatible Olympus Transcriptions Kits. Or easily download them to a PC for future use. Whether from a boardroom, a courtroom, or anywhere in-between, audio recorded with the Digital Conference Microphone Kit is clearly your best solution.

### *Kit Includes:*

**2 Omnidirectional ME-30W microphones  
with tripods and soft carrying  
case**

◆ 2nd Generation Design for stunning quality when used with Olympus [DS-50](#) Stereo Pro Conference Recorder (also works with [DS-30](#) and [DS-40](#))

◆ Amazing 20Hz-20,000Hz frequency response

◆ -38 dB sensitivity

◆ Standard 1/8 inch (3.5 millimeter) diameter 3-conductor plugs on each microphone cord, with stereo combiner adapter included

◆ Record professional quality music, concerts, or meetings

***Includes Toll-Free Tech  
Support, 30-day Customer  
Satisfaction Money-Back  
Guarantee!***

## PRODUCT INFORMATION SHEET
